Daily Professional Fee + Travel Expenses Model

Generated: January 23, 2026

1. Service Fee Structure

Daily rates vary based on expertise required. A standard workday is 8 hours on-site. Comprehensive reports are included.

Role / Service Tier	Daily Rate Range (USD)	Best For / Scope
Standard Inspection & Sourcing	\$275 - \$375	Routine visits, supplier verification, basic QC, production monitoring.
Senior Project Management	\$425 - \$575	Technical products (machinery, electronics), audits, new line setup, multi-factory coordination.
Support Staff (Translator/Assistant)	\$165 - \$215	Added for complex meetings or large-scale inspections.

2. Travel Surcharge (From Yangzhou HQ)

This covers logistics and travel time to your supplier's location. The daily professional fee begins upon arrival at the factory.

Region	Examples	Surcharge Range (Per Day)	Details & Logistics
Jiangsu Province	Yangzhou, Suzhou, Nanjing	\$180 - \$220	+Minimal cost. Often a simple fixed fee for transport. High-speed train + local transit. Typically a day trip.
Yangtze Delta/Anhui Hub(up to 300km)	Shanghai, Jiaxing, Hefei, Chuzhou, etc.	\$220 - \$260	+Train/transit+ overnight accommodation if needed.
Major IndustrialEast China Region (300-600km)	Qingdao, Ji'nan, Hangzhou, Ningbo, etc.	\$260 - \$300	+Train/transit+ overnight accommodation.(economy airfare if needed, 3-4 star hotel.)
Nationwide (600km+)	Guangdong Pro., Fujian Pro., Liaoning Pro., Chongqing etc.	\$200 - \$350	+Train/Flight/Transit+ overnight accommodation.(economy airfare if needed, 3-4 star hotel.)

3. Popular Service Packages (All-Inclusive Estimate)

Prices assume a Standard Inspector and a factory within 300km. Final quote adjusts for location and specialist needs.

Service Scope	Typical Timeframe	Typical Investment (USD)	Key Activities
Supplier Verification Audit	1-1.5 Days	\$500 - \$700	Licenses, capacity, social compliance, facility review.
Pre-Production Check (PPC)	1 Day	\$400 - \$550	Materials, components, and line setup verification.
During Production Inspection (DPI)	1-1.5 Days	\$450 - \$625	Check early units (20-50%) for defect patterns.
Final Random Inspection (FRI/AQL)	1.5-2 Days	\$475 - \$725	Full AQL sampling of finished goods, packaging, marks.
Loading Supervision (LS)	1 Day	\$300 - \$500	Monitor container stuffing for quantity & condition.

4. Additional Services

Standalone services that can be added to any project or ordered separately.

Service	Price Range (USD)	Unit	Description / What's Included

Quoting Strategies & Policies

- Lead with Value, Not Price: Frame services as 'Risk Mitigation' and 'Supply Chain Assurance'.
- Package + Variable Model: "A Final Random Inspection in the Jiangsu region is typically \$550. This includes 1.5 days of inspection and a detailed report. The final quote may vary based on the exact factory location and any special product testing requirements."
- Minimum Engagement: One-day minimum for travel outside Yangzhou
- Travel Days: 50% day rate for full travel days + actual expenses
- Expenses: All travel billed at cost with receipts. Small handling fee for complex logistics.
- Efficiency Discount: 15% off service fee for each subsequent factory in same city
- Additional Services:
